

Teach. Learn. Communicate.

LMS and SIS that work for teachers, students, and parents.

Mejona Technology LLP

Per-student pricing · Free onboarding and migration

Who it is for

Schools, colleges, and coaching institutes that need one platform for learning, student records, and parent communication — instead of stitching together Moodle + a SIS + WhatsApp groups.

What it does

- LMS — video lessons, assignments, quizzes, auto-graded tests, grade book
- Student Information System — admissions, attendance, fee collection, report cards
- Parent communication — automated absence alerts, fee reminders, report-card PDFs
- Live classes with attendance tracking and recording
- Multi-branch support for institutes with several campuses
- Mobile apps for teachers, students, and parents

What teachers get back

- Report-card builder that turns marks into a polished PDF in one click
- WhatsApp-class-replacement: structured announcements with read receipts
- Question paper generator from your own question bank
- Time-table conflict detection across sections and rooms

Get started

We migrate your existing student and academic data at no cost. Book a 30-minute walkthrough with one of our education specialists.
